**PART TWO:** What about **YOU?** What do you use these new technologies for?

You can write down a few notes (not whole sentences) here:

**No inspiration? Here are some questions to help you!**

- Do you have an Internet connection? How long have you had this connection?
- Do you have a mobile phone? How long have you had it?

**Remember!**

- I've had an Internet connection / a mobile phone *since* + starting point.
- I've had an Internet connection / a mobile phone *for* + period of time.

- How often do you surf the net? How much time do you spend on average on the net?
- How often do you use your mobile phone? How much time do you spend using your mobile phone?
- What do you surf the net for? What do you use your mobile phone for?

**Remember!**

- I surf the net (*in order*) *to* + V / I use my mobile phone (*in order*) *to* + V

- What kind of sites do you usually visit on the Internet?
- What is your favourite website (or favourite websites)? Why do you like it (or them) so much?
- Do you have your own blog? If the answer is Yes, describe what you do on your blog.
- Do you use social networking sites like Myspace or Facebook? Why/Why not?
- If you had to choose between living without your mobile phone or living without the Internet, which one would you choose? Why?
